This Spring at Clay Space:

Join us for a great selection of classes and workshops — This spring, Mariah offers both a surface decoration class and an evening wheel class; Katie offers 2 porcelain classes, one on Sundays. A new handbuilding instructor, Clara Lanyi, is onboard to offer two classes (evening and morning), both for beginning and advanced students. For the first time, we are offering an afternoon wheel class with Dave Winget! If daytime is best for you, here's your chance to try your hand at the wheel! Emily will offer our shorter and more focused handbuilding class in June. And there's more! Two metal clay workshops, one a self-directed studio subject matter and the other on a mokume gane process; and two garden related workshops — on tile-making and on mosaic stepping stones! See you in the studio!

Other ways to use the studio!

If you would like to make Clay Space a part of your regular schedule, we have a **month-to-month membership**, and a **3-month membership** option. There are some great benefits to having a membership, including unlimited access to Clay Space during normal business hours. That means there's no limit on how much time you can spend creating!

Ten-packs* and **day passes** are other easy, flexible ways to use the studio for experienced clay folk. One ten-pack gives you ten day-long visits to the studio for you to use at your convenience. Ten-packs can also be shared.

(*Note: Our 10-Packs expire 12 months from purchase date. Day passes and 10-Packs are for people who have experience with clay and are able to work in the studio on their own without instruction)
